January is in the rearview mirror and we're looking at February. February is the shortest month only 28 days or 29 in a leap year. It also has an extra "r" at least the way I pronounce it. February brings with it winter weather and Ground Hog Day on February 2nd where by tradition if the ground hog sees his shadow tomorrow we have six more weeks of Winter. If he doesn't, it means Spring is right around the corner. One of the big events that occurs in February is **Super Bowl Sunday** which this year is on February 7th. The Super Bowl is one of the largest sporting events if not the largest in the USA. February also brings with it's a number of special days or commemorations:

- **February 12** is **Abraham Lincoln's Birthday**. The 16th president of the United States was born in a one-room, 16x18-foot, log cabin with a dirt floor.
 - **February 12** is also **Chinese New Year**. This year is the year of the Ox.
 - **February 14** is always **Valentine's Day**. Heads up, lovebirds! Today, the holiday is celebrated with love, flowers, and chocolate.
- **February 15** is **Susan B. Anthony's Birthday**. A women's right leader.
- **February 15** brings **Presidents' Day**, a federal holiday also known as Washington's Birthday that is celebrated on the third Monday in February. (George Washington's actual birthday is February 22!)
- **February 16** is **Mardi Gras** (aka "Fat Tuesday" or Shrove Tuesday), which is the final feasting day before the Christian tradition of Lent begins on the following day, Ash Wednesday (February 17).

COVID Vaccinations are in process here and around the nation and globe, but this doesn't mean that we can relax and do away with the precautions we've been taking since last year at this time. Remember to wear your mask when out in public, maintain social distancing and frequent washing of your hands to insure we help stop the spread of the virus.

This month we're planning to have our meeting outdoors at 11:00 AM at the Wicked Barley Restaurant on Bay Meadows Road on February 11th, weather permitting. Mark your calendar and look for an email from Richard Bendetti at the end of the week confirming whether or not we will have the meeting.

KEN, ROB AND RICHARD'S ROAD TRIP. WE MADE THREE STOPS IN ST.AUGUSTINE TO CHECK OUT FOR FUTURE CLUB TRIPS. ART IN MOTION IS A SMALLER MUSEUM , VERY IMPRESSIVE. THE CAR MUSEUM HAD 100 CARS BUMPER TO BUMPER. WE ENDED AT FORD'S GARAGE REST. AT BOZARD FORD. A GREAT MEAL WITH MANY FORDS ON DISPLAY. THE ART N MOTION AND REST. WOULD MAKE A GOOD TRIP AS THEY ARE CLOSER TO EACH OTHER.

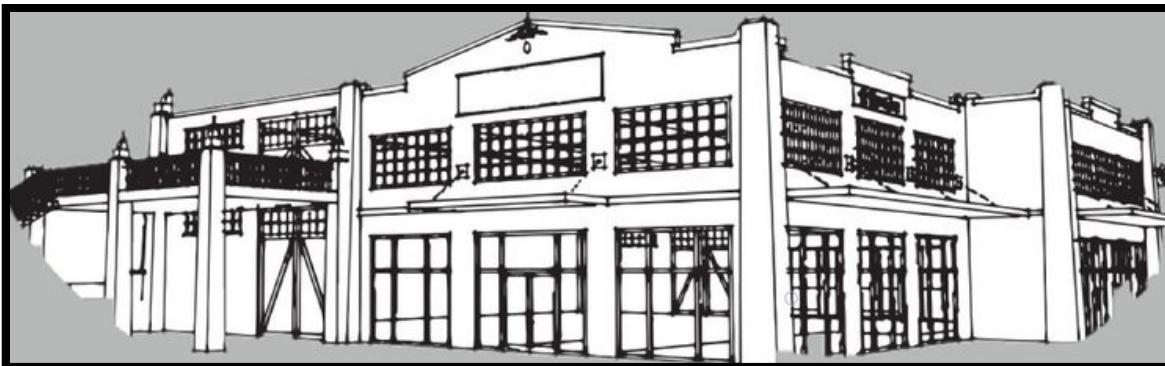

The love of classic and rare cars led to the founding of Art 'n Motion by the father-son owners, Paul and Justin Felker.

Art 'n Motion was dreamed up by the Felkers to appear as an early 1900's industrial-style building. Sitting just within the St. Augustine city entrance, this building needed to fit in with the feel of the nation's oldest city but also stand out as an old "Main Street" building would. Wanting it to look as authentic as possible an amazing team of architect, Anthony R. Harwell, builder, AD Davis Construction, and interior designer, Parramore Interiors, worked together with the owners to create this raw building that seems to take you back in time.

Art 'n Motion was created to display classic and rare automobiles that are available for sale. Many of the vehicles are collected by the founders but car owners will often display their rare car in the building's "showroom" to display for other car lovers and collectors. Art 'n Motion's floor-to-ceiling windows facing the main road show off the vehicles and attract car lovers on a daily basis. As a two-story car gallery and dealership, car lovers are welcome to come visit the collection, however an exclusive experience is preferred by making an appointment to tour with the founder.
